**The Toledo Hospital Family Medicine
Residency Program**

WW Knight Family Medicine Center
2051 West Central Avenue
Toledo, OH 43606-9950

Great Location on a Great Lake

Our residency program is located in Toledo, Ohio – a hub of academic, recreational and career opportunities conveniently located within driving distance of Cleveland, Columbus, Ann Arbor, and Chicago.

The many entertainment, recreational and educational opportunities include:

- **Toledo Museum of Art, Toledo Symphony Orchestra and Toledo Opera**
- **Hundreds of restaurants, from upscale eclectic to local mom-and-pop eateries**

- **COSI — a hands-on science museum**
- **Toledo Zoo**
- **Toledo Area Metroparks**
- **Maumee Bay State Park along the Lake Erie shore**

- **The University of Toledo (including UT School of Law and UT College of Medicine), Bowling Green State University and The University of Michigan**
- **Toledo Mud Hens minor league baseball team and Toledo Storm ice hockey team**
- **Professional sporting events in Detroit and Cleveland**
- **Close proximity to Cedar Point Amusement Park – “The Roller Coaster Capital of the World”**

For more information about Toledo, please visit www.dotoledo.org.

For more information on how we can help you prepare for your career in family medicine, please call 1-800-860-2051, or fill out and return the attached reply card.

The Toledo Hospital
Family Medicine Residency

Challenging
you to
achieve
your
goals...

Supporting
you along
the way.

At The Toledo Hospital Family Medicine Residency Program, our goal is to provide the medical education and training you need to be an outstanding family physician. We exist to support and nurture your skills, while challenging you to learn and grow.

Our Program

As the only hospital-sponsored residency at The Toledo Hospital, our faculty and staff are dedicated to giving you a comprehensive, practical, hands-on educational experience. Our faculty includes a clinical pharmacist,

social worker, clinical counselor, and a diverse mix of allopathic and osteopathic physicians dedicated to quality medical education. The entire staff works as a team to offer interactive

methods of teaching. Our multidisciplinary approach to medical education provides you with important training in all aspects of family medicine, including:

- **Care of ambulatory and hospital patients**
 - Pediatrics
 - Obstetrics
 - Geriatrics
- **Practice management**
- **Clinical pharmacology**
- **Patient education**
- **Community medicine**
- **Ambulatory care quality assurance**

The residency program is accredited by the Accreditation Council for Graduate Medical Education (ACGME) and the American Osteopathic

Association (AOA), both of which maintain quality standards for training programs. The goal of our dually-accredited program is to fully prepare you for private practice. You will also have the opportunity to explore areas of personal interest such as:

- **Sports medicine**
- **Maternity care**
- **Geriatrics**
- **International medicine**
- **Procedural medicine**
- **Rural health care**

Highlights of the Residency

Our practice is located on the campus of The Toledo Hospital, a 794-bed tertiary care center, which includes Toledo Children's Hospital, a 151-bed facility that is the region's only accredited hospital. Together, The Toledo Hospital and Toledo Children's Hospital serve 23 counties in northwest Ohio and southeast Michigan, and feature the area's largest board-certified medical staff, comprised of more than 1,100 primary care and specialty physicians.

Post-Residency Life

Graduates of The Toledo Hospital Family Medicine Residency Program are employed in all aspects of family medicine including private and hospital-based practices. Many graduates still work with the program as faculty members or preceptors. Our staff fully supports graduates in their search for employment. The majority of our graduates have found excellent career opportunities throughout Toledo and the tri-state area (Ohio, Michigan and Indiana). The comprehensive training experienced by our graduates has afforded them the ability to practice in various regions of the country and world.

Technology at Your Fingertips

At The Toledo Hospital Family Medicine Residency Program, the implementation of electronic medical records is a priority. We believe in using technology to create efficiencies and improve patient care. Our practice features in-office laboratory and digital radiology imaging, plus computerized pharmacy order entry. We also utilize hand-held technology in exam rooms.

Our Fellowship

In conjunction with our residency program, we offer a one-year sports medicine fellowship program in which

fellows work closely with nationally recognized Sports Care® physicians to gain clinical exposure to treating athletic injuries. Fellows provide hands-on care to athletes of all skill levels — high

school, college, weekend warriors, and minor league professional teams.

The comprehensive sports medicine training program includes:

- **Exercise physiology**
- **Conferences**
- **Local, state and national lecture experiences**
- **Performance enhancement training**
- **Prolotherapy**
- **Osteopathic manipulative therapy**
